I Where things stand

Delta Roe already has the hard part: a differentiated healer (Tamika Banks, Certified Reiki Master & Empowerment Life Coach), glowing reviews, premium pricing power, a trademarked format (**Sound-Integrated Self-Defense™**), a recurring event series (*The Sound of Paint* chakra workshops), and now a genuinely beautiful logo. What's missing is a website that converts that reputation into revenue.

II

Brand & design direction

The new logo sets the entire visual system: **midnight black, antique gold, sacred geometry, the lotus, and the seven chakra lights**. The site should feel like walking into a candle-lit luxury spa that happens to be run by a mystic — Aman Resorts meets a Joshua Tree apothecary. This document itself is set in that system.

Chakra Spectrum
ceremonial use only

The chakra spectrum rule: the seven colors appear only where they mean something — the chakra-alignment service page, the Sound of Paint series, product category markers. Everywhere else the site stays black + gold + cream. That restraint is what makes it read *luxury* instead of *craft fair*.

TYPOGRAPHY

- **Display:** a high-contrast Didone serif (Cormorant Garamond or Fraunces at light weight, self-hosted), generously letter-spaced in caps — echoing the DELTA ROE logotype with its triangle "A".
- **Body:** a warm humanist serif for storytelling sections; a clean geometric sans (e.g. Jost or Outfit) for UI, prices, and booking flows.
- **Detail:** gold hairline rules, small-caps eyebrows, roman-numeral section markers — the language of a fine spa menu.

ART DIRECTION

- Dark, candle-lit photography: singing bowls with gold rim-light, crystals on black linen, incense smoke curls, hands in healing position. Shot or AI-assisted, but consistent — moody, warm, shallow depth.
- The flower-of-life geometry from the logo as a barely-visible embossed watermark texture on dark sections (2–3% opacity).
- Motion: one orchestrated page-load moment — the chakra column lights up the hero, top to bottom, once. Subtle gold shimmer on hover for CTAs. Nothing else moves. (`prefers-reduced-motion` respected.)

- Boho warmth comes through texture and materials — linen, raw paper, dried botanicals — not through clutter.

III

Site architecture

Every page exists to do one of three jobs: **book a session, sell a product, or earn a ranking.**

PAGE	JOB	NOTES
Home	Book	Hero with logo animation, one-line promise, "Book a Session" + "Free Discovery Call" CTAs, review strip, service menu, Tamika intro, shop teaser
/services/reiki-elm-grove	Book + Rank	One landing page per service, each targeting its keyword — what happens in a session, benefits, FAQs, reviews, price, embedded booking
/services/sound-bath-elm-grove	Book + Rank	432 Hz story, Tibetan + crystal bowls, binaural beats — highly searchable
/services/chakra-alignment · /life-coaching · /fascia-flow-reset	Book + Rank	Same template; chakra page is where the spectrum palette lives
/book	Book	Single consolidated booking flow, sticky across the whole site
/shop + category pages	Sell	Candles · Oils · Crystals · Chakra & Reiki · Grounding · Apparel
/events + event pages	Book + Rank	Sound of Paint series, Sound-Integrated Self-Defense™ (own trademark page), group sound baths
/soulful-journey	Sell (high-ticket)	The \$399/mo program deserves a real sales page with application flow
/about	Trust	Tamika's story, Nirvana Love → Delta Roe evolution, certifications, the space
/reviews	Trust + Rank	Aggregated Google/Yelp reviews with Review schema
/journal (blog)	Rank	The SEO/AI content engine — see §VII

/gift-cards	Sell	Instant digital gift cards — the highest-margin product a spa has
/faq · /contact	Trust + AI	FAQ page doubles as the AI-answer-engine feed

IV

The booking engine — the #1 revenue lever

Nothing else in this plan pays off faster than making booking effortless and rebooking automatic.

ALWAYS ONE TAP AWAY

Persistent gold "Book a Session" button in the header and as a mobile floating bar. Every service page books directly in-page — no detour to a generic calendar.

FIRST-TIMER FUNNEL

A "New to energy healing?" path: free Discovery Call or a **First Visit ritual bundle** (Reiki + Sound Bath intro, \$129) that removes the fear of the unknown.

PACKAGES & SERIES

3-session and 6-session packs at 10–15% off, paid up front. Prepaid packages raise retention and smooth cash flow — the spa-industry standard.

DEPOSITS & REMINDERS

Card-on-file deposits kill no-shows; automated SMS/email reminders with one-tap reschedule protect every hour on the table.

THE REBOOKING LOOP

Post-session email: session notes / aftercare + "Book your next alignment" with the calendar pre-filtered. 48-hour rebooking discount window.

UPSELL AT CHECKOUT

Booking confirmation offers the matching product: booked a chakra alignment → chakra candle set; sound bath → the recorded 432 Hz library.

NEW REVENUE-BEARING OFFERINGS TO ADD

- **Group sound baths** (6–10 people × \$35–45) — same hour, multiplied revenue; the community on-ramp to 1:1 work.
- **Couples / duo sessions** at a premium.

- **Corporate wellness** page — on-site sound baths & guided meditation for Sacramento-area offices; one contract can be worth a month of singles.
- **Gift cards** — promoted hard at Mother's Day, Valentine's, holidays. Pure prepaid margin.
- **Reiki certification workshops** (Level I/II) — Tamika is a Reiki Master; teaching is the highest-leverage weekend format (\$225–\$425/student × 6–10 students).

v

Shop & private label — zero-inventory merchandising

Everything below is fulfilled by vendors who print, pour, or pack *after* the order is placed, under the Delta Roe label — no inventory, no cash tied up. Every vendor here was verified live (July 2026), not assumed.

THE VERIFIED STARTER STACK — 4 VENDORS, ZERO INVENTORY

VENDOR	COVERS	PRIVATE LABEL	MINIMUMS	MARGIN
Candle Builders <i>candlebuilders.com</i>	Entire candle line — 100% soy, cotton wicks, US-made, ships in 1–2 days	Fully your brand, \$0 setup, no membership	None	40–50%
Blanka <i>blankabrand.com</i>	Body & massage oils, skincare, spa-shelf products — US/Canada-made	Logo printed on product; branded samples	Zero MOQ — sell 1 unit	40–60%
Enchanted Soul <i>enchanted soul.store</i>	Crystals, sage & palo santo, ritual kits, pendulums, spell oils — the whole metaphysical shelf	Blind dropship under your brand	None, no upfront cost	~keystone
Printful <i>printful.com</i>	Tees (Bella+Canvas / AS Colour premium blanks), embroidered hats, hoodies, leggings, journals	Inside-label branding, branded packing slips	None	40–60%

ADD-ONS AS REVENUE JUSTIFIES

VENDOR	ADDS	MODEL
Dripshipper (<i>dripshipper.io</i>)	"Delta Roe Ritual Tea" — private-label tea, your branding on every bag, ships from San Diego (2-day CA delivery)	Dropship, zero minimums
Faire (<i>faire.com</i>)	Curated studio shelf: grounding sheets, artisan US-made orgonite, chakra jewelry	Wholesale on net-60 terms + free returns on first orders — near-zero cash risk, light inventory
Get Grounded Shop affiliate	Grounding sheets (\$220–425), mats, pillowcases — commission income, zero fulfillment	Affiliate
Doba / Spocket	Chakra bracelets (\$3–10 base → 3–5× markup), orgonite pyramids, crystal lamps — US-stocked	Dropship subscription (~\$30–60/mo)
Bulk Apothecary ready-to-label	Bath salts, EO roll-ons — hand-labeled small batches for higher margin + in-studio sales	Low-case wholesale (step 2)
MakePlayingCards / Game Crafter	A custom Delta Roe oracle deck — decks from ~\$22, dropships to customer; a true luxury differentiator if Tamika designs one	Print-on-demand

Reality checks from the research: grounding *footwear* (Bahé, Groundz, Earth Runners) has no public wholesale/dropship program — plan affiliate links or direct outreach there, not dropship revenue. And the two strongest niche vendors (Candle Builders, Enchanted Soul) are **Shopify-only** — one more reason the stack in §X routes the shop through Shopify rather than Wix.

PRODUCT ROADMAP

WAVE	PRODUCTS	FULFILLMENT MODEL	TYPICAL MARGIN
1 — Launch	Delta Roe intention candles, ritual/massage oil blends, logo tees · hats · hoodies, chakra bracelet sets	Private-label dropship + print-on-demand	45–65%
2 — Expand	Crystal kits by intention (grounding, abundance, sleep), sage & palo santo ritual kits, bath soaks, herbal teas	Dropship + light in-studio kitting	50–70%

3 — Premium

Grounding sheets & earthing mats, orgone generators/orgonite, Sound of Paint merch, journals & oracle decks

Wholesale-dropship (Faire) + affiliate for big-ticket

30–55%

Merch strategy: that logo belongs on products. A black candle vessel with the gold lotus mark, a black tee with the chakra-column motif, a gold-foil journal — clients who just had a transcendent session *want* to take the brand home. The in-studio shelf and the website sell the same SKUs.

RETAIL-FLOOR SYNERGY

- QR code on the studio shelf → product page, for "ship it to me" upsells after sessions.
- Every physical order ships with a gift-card offer and a booking QR — merchandise feeds bookings, bookings feed merchandise.
- Reiki-infused / hand-charged limited runs (jewelry Tamika already makes) as the premium in-house tier above the dropship line.

VI

The passive-income ladder

Ordered by effort-to-launch. Each rung compounds: content feeds SEO, SEO feeds bookings, sessions feed content.

RUNG	PRODUCT	MODEL	WHY IT WORKS
1	Digital gift cards	One-time	Zero marginal cost, ~10–20% never redeemed, sells itself at holidays
2	Recorded 432 Hz sound-bath library	\$11–13/mo subscription	Record once during real sessions; sell forever. Sleep, anxiety, chakra-series tracks
3	Guided meditation packs	\$17–27 one-time	Chakra-by-chakra series mirrors the Sound of Paint brand
4	Insight Timer + YouTube presence	Ads/donations + funnel	Free distribution channels that feed the paid library and local bookings

5	Online course: "Energy Hygiene for Professionals"	\$97–197	Aligns with her stated mission (professionals who need to realign); evergreen
6	Reiki Level I/II certification — hybrid online + in-person attunement	\$225–425	Highest-ticket digital-adjacent product; creates devotees
7	Affiliate income	5–15% commissions	Earthing/grounding brands, crystal wholesalers, book lists — monetizes journal content
8	Virtual memberships	\$29–49/mo	Monthly Zoom sound bath + meditation library + shop discount — scales beyond the room

VII

SEO — owning Elk Grove & south Sacramento

LOCAL SEO (THE FASTEST WINS)

- **Google Business Profile overhaul:** all services listed with prices, booking link, weekly photo uploads, Q&A seeded, posts for every event. GBP is the #1 local ranking factor and it's free.
- **Citations:** consistent name/address/phone on Yelp, Apple Maps, Bing Places, Nextdoor, MindBody directories, wellness aggregators.
- **"Best in Elk Grove" positioning:** the review record backs it — say it, with the receipts, on the homepage and the /reviews page.
- **Local landmarks content:** "in historic Old Town Elk Grove" woven into copy — matches how locals search and how AI describes places.

KEYWORD TARGETS

CLUSTER	EXAMPLE QUERIES	LANDING PAGE
Reiki local	reiki elk grove · reiki near me · energy healing elk grove	/services/reiki-elk-grove
Sound bath	sound bath elk grove · sound bath sacramento · sound healing near me	/services/sound-bath-elk-grove

Chakra	chakra alignment near me · chakra balancing sacramento	/services/chakra-alignment
Coaching	life coach elk grove · spiritual life coach sacramento	/services/life-coaching
Commercial	corporate wellness sacramento · group sound bath private event	/corporate-wellness
Informational	what to expect first reiki session · 432 hz benefits · how sound baths work	/journal/*

TECHNICAL & CONTENT ENGINE

- **Schema markup everywhere:** LocalBusiness (HealthAndBeautyBusiness), Service , Event (every Sound of Paint date), Product , FAQPage , Review / AggregateRating . Rich results + AI legibility.
- **Journal cadence:** 2 posts/month answering real first-timer questions — each post targets one query, links to one service, ends with one CTA.
- **Core Web Vitals:** the custom build (see §X) should score 95+ on mobile — a real edge over the Wix competition.

VIII

AI-search optimization (GEO)

A growing share of "reiki near me, is it worth it?" questions are now asked to ChatGPT, Perplexity, and Gemini. The sites those engines cite share traits Delta Roe can adopt wholesale:

- **Direct-answer content structure:** every service page opens with a plain 2–3 sentence answer ("A reiki session at Delta Roe in Elk Grove lasts 30 minutes and costs \$144...") before the storytelling. AI engines quote the quotable.
- **FAQ pages with real questions**, marked up with FAQPage schema — the single highest-yield AI-visibility asset for a local business.
- llms.txt at the site root summarizing the business, services, prices, location, and booking URL for AI crawlers.
- **Entity consistency:** identical business facts across site, GBP, Yelp, Facebook — AI engines cross-check sources before recommending.

- **Third-party mentions:** local press (Elk Grove Citizen), Sacramento wellness roundups, podcast guest spots — citations are what make an AI engine confident enough to name a business.
- **Own the branded answers:** pages that define "Sound-Integrated Self-Defense™" and "The Sound of Paint" so any AI asked about them has exactly one authoritative source.

I X

Reviews & social proof engine

- **Ask at the peak:** automated review request 2 hours post-session (the afterglow window), direct Google-review deep link. QR card handed at checkout.
- **Surface everywhere:** live Google rating badge in the site header, rotating review quotes on every service page matched to that service, full /reviews page with schema.
- **Video testimonials:** 3–5 short clips of clients describing their first session — the single most persuasive asset for a skeptical first-timer, reusable on social and ads.
- **Respond to every review** — response quality is itself a local-ranking and AI-trust signal.

X

Platform & stack recommendation

Wix caps what's possible on speed, SEO control, and design fidelity. Recommended target stack — the same architecture already proven on your other properties:

LAYER	CHOICE	COST	WHY
Site	Next.js on Vercel	\$0	Total design control, 95+ Core Web Vitals, perfect schema/GEO control
Booking	Square Appointments (embed + API)	\$0–29/mo	Free solo tier, deposits, SMS reminders, gift cards, packages; clean embed into custom pages
Shop	Shopify Basic (Buy Buttons / headless into the Next.js site)	\$39/mo	Native apps for the entire private-label vendor stack — orders route to vendors automatically

Email/SMS	Klaviyo (free tier to start)	\$0+	Post-session flows, abandoned cart, event announcements, review requests
Digital products	Shopify Digital Downloads or Gumroad	~\$0	Meditation library & courses without another platform
Analytics	GA4 + Search Console + Clarity	\$0	Booking & purchase conversion events wired from day one

Pragmatic alternative: if minimal disruption matters most, Phase 1 can stay on Wix (SEO fixes + Wix Stores + review engine) while the custom build happens in parallel. But the custom stack is where the speed, design, and AI-visibility ceiling actually lifts — and it drops platform fees from ~\$40/mo Wix Premium to near zero outside Shopify.
